### **3. Learning and development**

In partnership with parents/carers, the academy will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start academy.

#### **Curriculum planning**

Provision and practice within the early years will be centred around the requirements of the DfE's 'Early years foundation stage statutory framework'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

**Prime areas** – defined as the areas that are particularly important for building a curiosity and enthusiasm for learning, forming relationships, and thriving:

- Communication and language
- Physical development
- Personal, social, and emotional development

**Specific areas** – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

The academy will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.
- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents/carers and agree on how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring they are ready to benefit from the opportunities available to them when they begin Year 1.

When organising and implementing educational programmes, the academy will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring
- Active learning
- Creating and thinking critically

Each child will be assigned a key person who will help to ensure their learning and care is tailored to meet their individual needs.

At Littleton Green, we use a range of planning documents to support EYPs in creating a progressive curriculum ensuring full coverage of the EYFS framework. Through this, we equip all children with the knowledge and skills to progress and achieve their potential:

- Literacy- The Drawing Club
- Phonics- FFT Success for All Phonics
- Mathematics- White Rose Maths

#### 4. Assessment

Through high-quality, intentional interactions we gather knowledge about each child to help inform and build a picture of each child's development. Our practitioners are skilful communicators having back-and-forth conversations, supporting all areas of children's development, stretching children's thinking and problem solving and moving their learning on in the moment.

In line with statutory requirements, the academy will undertake a summative assessment of each child's development at certain stages. These are:

- **Progress check at age two** –Saplings Preschool will receive a statutory 2-year-old progress report between the ages of two and three. It is a short, written summary of children's development in the prime areas and allows us to identify early where children need extra help.
- **Reception Baseline Assessment** – This is an activity-based assessment of pupils' starting points in language, communication, literacy and mathematics. It consists of short task-based assessments. Schools will be required to carry out the assessment within the first six weeks of pupils starting reception.
- **The EYFS Profile** – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

The academy will also conduct ongoing formative assessments which involve:

- **Short Observations:** Throughout the year, we will capture those spontaneous wow moments and share them with parents on Class Dojo which will be colour-coded to the different developmental areas.
- **Assessment checklist:** When each child achieves a statement on the Birth to 5 matters document, this is highlighted and dated. This is then used as a working document that identifies key areas of development and shapes planning.
- **Class Learning journey:** We have class floor books that celebrate a snapshot of the week's learning with its primary purpose being to help children to reflect and review their

prior learning and vocabulary. This also supports us in developing a language-rich environment. We use the floor books to show progress across the year.

- **Termly Teacher Assessment:** At the end of every block, children are identified as either being 'on track' or 'not on track' to meet age-related expectations by the end of the year by the teacher. Pupil progress is discussed at Raising Attainment and Progress (RAP) meetings.
- **End of Year Report:** Children also receive a report on their progress and attainment in line with whole school expectations.

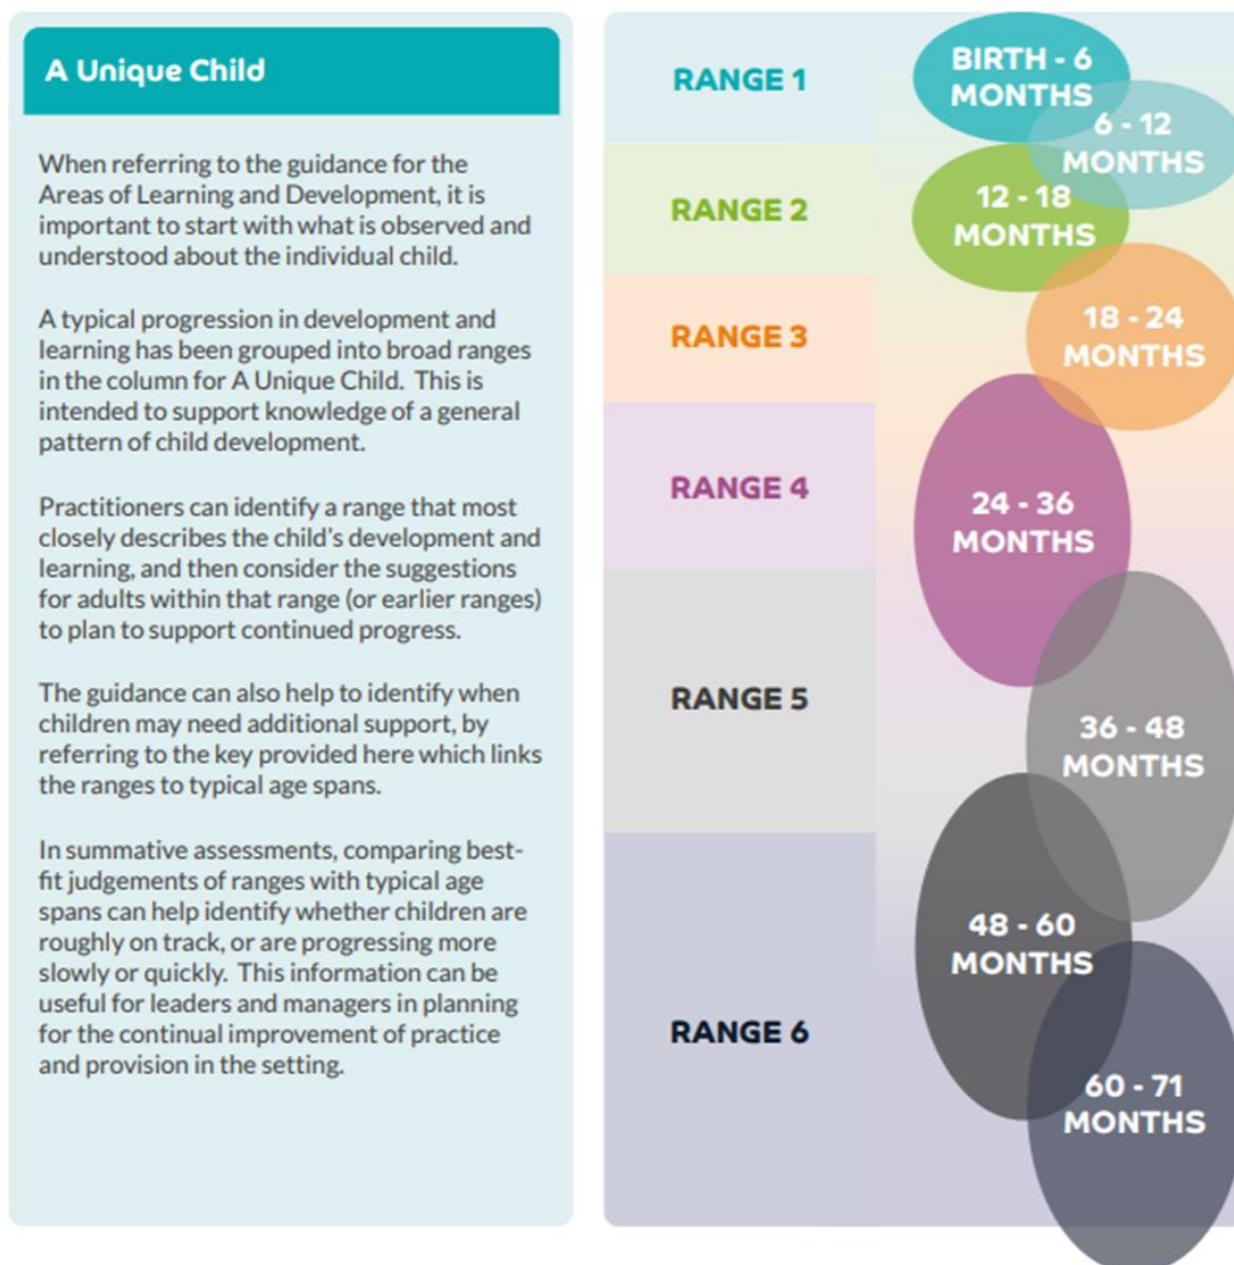

At Littleton Green, we know that every child is unique, and children develop in their own way and at their own rates. We understand that the 'Birth to 5 Matters' guidance is not to be taken as necessary steps, nor assumed to be in any particular order, for individual children. The age links overlap ranges because these are not fixed age boundaries but suggest a typical range of development.

Parents/carers will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents/carers.

The academy will ensure that teachers actively engage children, their parents/carers and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard to the academy's Early Years Assessment Policy, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

Key to understanding the age ranges:

## 5. Inclusion

All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Pupil Equality, Equity, Diversity and Inclusion Policy will ensure that the needs of all children are met, regardless of any protected characteristics they have.

The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

The Special Educational Needs and Disabilities (SEND) Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the academy's EYFS SENCO.

## **6. The learning environment**

The academy recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The academy will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole-class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from provision resource areas.

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

## **7. Safeguarding and welfare**

The academy will take all necessary steps to keep children safe and well and comply with the requirements of the 'Statutory framework for the early years foundation stage' to:

- Safeguard children.
- Ensure the suitability of adults who have contact with children.
- Promote good health.
- Support and understand behaviour.
- Maintain records, policies, and procedures.

### **Child protection**

Staff will be alert to any issues of concern in the child's life at home or elsewhere. Any safeguarding or welfare issues will be dealt with in line with the Child Protection and Safeguarding Policy, and all members of staff in the EYFS will be required to read this policy as part of their induction training.

The DSL is Mrs L. Thorneycroft. The deputy DSLs are Miss E. Kelly, Mrs S. Andrews, Mrs M. Deakin and Mrs T. Williams.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSLs will undertake the duties of the DSL in their absence, but

overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSLs will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect.

Where there are concerns about a child's safety or welfare the academy will:

- Immediately notify the LA's children's social care team and, in emergencies, the police.
- Have regard to the DfE's statutory guidance 'Working Together to Safeguard Children', the 'Prevent duty for England and Wales' and 'KCSIE'.
- Inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, or looking after children at the premises and the action they have taken in response to the allegations. Notification will be made as soon as is reasonably practicable but in any event within 14 days of the allegations being made.

Photography policies and procedures are addressed in full in our Photography and Images Policy.

### **Use of personal mobile phones by staff members**

Staff members will not use personal mobile phones or cameras when children are present. Staff may use mobile phones on academy premises outside of working hours within specific mobile-friendly zones. Staff may use mobile phones in the staffroom during breaks and non-contact time. Mobile phones will be safely stored in a locked cupboard and in silent mode whilst children are present.

Staff may take mobile phones on trips (when agreed by Mrs L. Thorneycroft), but they will only be used in emergencies and should not be used when children are present. Mobile phones will not be used to take images or videos at any time during trips.

Staff who do not adhere to this policy will face disciplinary action. Staff will report any concerns about another staff member’s use of mobile phones to the DSL, following the procedures

outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Staff may use their professional judgment in emergency situations.

### **Use of mobile phones by parents/carers, visitors and contractors**

Posters will be used around the academy to indicate that it is a mobile-free zone.

Parents/carers, visitors and contractors will not be permitted to take photographs or record videos without prior permission.

The academy strongly advises against the publication of any photographs or videos taken at the academy or academy events on social media. Staff will report all concerns about parents/carers, visitors and contractors to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

### **Use of the academy's mobile phones and cameras**

Staff will be provided with an academy device to ensure that only academy devices are used to take photographs and videos. Academy devices will have passcode protection.

Academy devices will only be used for work-related matters, e.g. recording and documenting a child's learning. Academy devices will only be used to take photographs in the presence of another staff member and only with the consent of the child's parent.

Staff will not take photographs of bruising or injuries for child protection reasons. Instead, recording concerns forms and body maps will be used to record observations relating to child protection concerns – these can be acquired from the DSL.

### **13. Parental involvement**

We firmly believe that the EYFS cannot function without the enduring support of parents/carers.

At Littleton Green, we strive to create and maintain strong partnerships with parents and carers; we recognise together, we can have a significant impact on a child's learning. We welcome and actively encourage parents to participate in their child's education in the following ways:

- Informal day-to-day communications with parents/carers during greeting and dismissal.
- Class Dojo is used regularly to share achievements and to keep parents informed of learning activities that are taking place within the classroom.
- Class Dojo is also available for parents to communicate with teachers and share home achievements.
- Parents/carers are invited to attend parent engagement events, parents' evenings and open days throughout the year.

Each child in EYFS is assigned a key person who helps to ensure that their learning and care is tailored to meet their needs. The key person supports parents and/or carers in guiding their child's development at home.

Parents/carers will be asked to complete admission forms, and a medical form and to write a brief synopsis about their child to help the academy understand their character and personality.

### **14. Transition**

#### **Transition into nursery and pre-school.**

Parents/carers who have expressed an interest in the nursery will be invited to bring their child to any open days planned throughout the year. The academy may also arrange individual visits, subject to appointment.

Children from local nurseries will be invited to attend during our transition week and welcome meetings at Littleton Green in the summer term.

The early years lead and SENCO will visit local pre-schools to meet the children due to join the nursery and liaise with the pre-academy managers. The SENCO will also contact previous settings to share learning records and obtain information about children, particularly those with SEND.

Practitioners will support both parents/carers and children where possible to help ease the separation anxiety that can often occur.

For the first two weeks of the first term, the key practitioners will set aside time to spend with children in small groups and parents will be kept up-to-date with how the children have settled in.

### **Transition into Reception**

Nursery children will work with the reception class at various times throughout the year for different events. Nursery and Reception children will also share an outdoor area and integration between classes will be encouraged.

During the summer term, before entry to Reception:

- Joint activities will be organised for nursery and Reception children.
- Nursery children will spend a series of sessions in the Reception classroom with the Reception teacher and TA during the transition week.
- Nursery children will be allowed time to explore the main academy building supervised by a member of staff.
- Nursery children will have lunchtime in the lunch hall several times to reduce anxiety over lunchtime.

Before the children enter Reception:

- The nursery practitioners will complete assessments on each child based on the early years outcomes and provide these to the Reception staff.
- The nursery practitioners will advise the Reception teacher on favourable groupings for children.
- Parents/carers will be invited to attend an information session with the EYFS Lead and reception class teacher.

Throughout the year, parents/carers will be encouraged to share any information, concerns or successes with staff.

### **Transition into KS1**

The EYFS profile will be completed for each child and submitted to the LA no later than 30 June.

The EYFS profile will provide an outline of each child's progress, assessed against the ELGs and their readiness for Year 1.

For each ELG, teachers will judge whether a child is:

- Meeting the level of development expected at the end of the EYFS – expected.
- Not yet reaching this level – emerging.

During the summer term, before entry into Year 1, reception children will:

- Begin to join the main academy on the playground during break and lunchtime, supported by a member of the Reception staff.
- Adopt a modified timetable similar to the Year 1 experience.

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Learning journals, phonics assessments, examples of writing, parent consultation records and suggested pupil groupings will be passed on from the Reception teacher to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of 'emerging' for one or more ELGs.

During the first term:

- Consideration will be given to the links between the seven areas of learning in the EYFS and the national curriculum subjects.
- The more formal teaching of Year 1 will be introduced gradually.
